Dear Ms Simpson

Toda

I refer to our discussion earlier regarding the proposed replacement dwelling. I confirm my clients which to withdraw the submitted application.

I would appreciate a meeting, as suggested at your earliest convenience to discuss revisions. My clients are living in temporary accommodation during this process which is involving some costs and are anxious to proceed to get an application determined.

If you could indicate your earliest available appointment I will attend your office with my clients to discuss the revisions you require.

Yours sincerely

Ken Lloyd
