

To Gilwern Hall users

We are a brand new community group with a face book, twitter and word press account. We would like to invite you to attend our event by holding an advertising table on Saturday 13th May at Gilwern Community Centre and Library starting from 10 till 2. Please feel free to bring any advertising with you to put up in the hall.

The idea of the event is to get people in using the centre and create a proactive space for people to give ideas and get involved in their local community. We intend to have everyone who currently runs anything at the centre represented and additional community groups local to Gilwern.

We have grand plans of maybe a management group to support the centre, a library friends group and even an umbrella group that would market all Gilwern events, but we can't do any of this without pulling the community together and finding out what they want from the space and their community.

Please let know us know if you are interested in attending and what you require.

Please message us here and we'll be happy to help boost your signal we would prefer PDF copies of posters and as much information as you can give us. If you could also encourage to check out our pages then we might be able to really promote everything that's going on in our little village.

Look forward to hearing from you
Helen Pickering
