Dear Residents

We would like to inform you that on Saturday the 19th October the South Wales Search & Rescue Association (SWSARA) will be holding a training exercise in the area around Clydach Gorge.

There will be a considerable number of vehicles and personnel in the area throughout the day, however, we have taken steps to minimise impact on local residents by hiring the village hall and arranging off road parking.

We have worked with Natural Resources Wales and Sustrans to ensure our activities do not negatively impact on the area or the public use of the site. Both organisations have granted us permission to use the area.

Training days such as this are important opportunities for us to practice our skills and we thank you for your co-operation and support.
