

Llanelly Community Council

Feedback form

What are Community Plans?

A Community Plan can include everything that is relevant to the people who live and work in a community. A Community Plan includes Social, Environmental, Physical and Economic aspects of the area and evaluates their pros and cons. Issues, ideas and the sustainability of those aspects will be discussed and actions proposed. It is important that the Community Plan reflects the opinions from all sections of the Community, and not just the 'usual suspects'. The Community Plan aims to identify what features and characteristics of the village are valued by the people, the local problems and opportunities that could be explored. A Community Plan outlines how people in the local community want the community to develop in the future; the Community Plan then gives an opportunity to set an Action Plan to achieve these visions.

Can you identify facilities you would like to see in the community?

Can you identify any classes you would like to see in the Community?
